JANNEL CRESPO SUBA

ASPIRING SOFTWARE DEVELOPER | FULL-STACK WEB APPLICATIONS

Cabiao, Nueva Ecija, Philippines, 3107 | +63 992 591 3654 | jannelsuba06242004@gmail.com
GitHub: github.com/janil231 | Portfolio: jannelsuba-portfolio.vercel.app | LinkedIn: linkedin.com/in/jannel-suba-325ba0334

PROFESSIONAL SUMMARY

Fourth-year BS Information Systems student and consistent Dean's Lister with hands-on experience building full-stack web applications for business operations, academic research, and community services. Works with modern JavaScript frameworks, databases, and authentication, and completes projects through a modern AI-assisted development workflow. Seeking an On-the-Job Training placement as a Software Developer.

TECHNICAL SKILLS

Frontend: React, Next.js, JavaScript, TypeScript, HTML, CSS, Tailwind CSS
Backend & Database: Node.js, Express.js, Firebase, Supabase, PostgreSQL, MongoDB
Tools & Libraries: Git/GitHub, Vite, Docker, React Router, Recharts, Chart.js, Leaflet
Core Competencies: AI-assisted software development, responsive user interfaces, authentication & role-based access, REST-style services, dashboards & reporting, PWA and offline support

WORK EXPERIENCE

Working Student — Receptionist, Red Gym | *Cabiao, Nueva Ecija* | *June 2026 – Present*

- Manage daily front-desk operations, walk-in registrations, and cash and GCash payment records while studying full-time; identified the gym's record-keeping gaps and built a management system now used daily by staff and the owner.

SYSTEM DEVELOPMENT PORTFOLIO

Red Fitness Center — Gym Management System | *Developer* | *June – July 2026*

- Built a mobile-first gym management PWA with Next.js, React, TypeScript, Tailwind CSS, and Supabase/PostgreSQL; deployed and used daily by gym staff and the owner.
- Implemented walk-in memberships, point-of-sale sales, cash/GCash tracking, visitor logs, staff roles, coach payments, and revenue reports and analytics.
- Added role-based access, secure login, offline-capable installation, staff guidance tours, and timezone-aware business reporting.

SmartDCabiao — Digital Tourism & Community Platform | *Developer* | *January 2026 – Present*

- Capstone project for the Municipality of Cabiao; responsible for the process flowcharts and the full system build as part of a 4-member team.
- Built a React 19 and Firebase platform with interactive maps, business directories, QR-code quests with points and vouchers, approval workflows, and analytics.

Accessible Reading Web App | *Developer* | *October 2026*

- Built the working prototype solo for the RAITE 2026 Hackathon (Education/Accessibility track) as part of a 3-member team.
- Developed a Next.js and TypeScript web app that turns a photo of printed text into accessible reading formats using AI vision, with dyslexia and autism-friendly profiles, English–Tagalog translation, and read-aloud highlighting.

Research Repository System — Exact Colleges of Asia | *Developer* | *August 2025 – November 2025*

- Developed a research-paper management system using Node.js, Express, MongoDB, Mongoose, and a JavaScript frontend, with PDF submissions, admin approval, search, filtering, and pagination.
- Built JWT authentication, bcrypt password hashing, admin TOTP two-factor authentication, statistics dashboards, PDF reports, and backup/restore.

EDUCATION

Bachelor of Science in Information Systems | 2023 - Present
Exact Colleges of Asia, Cabiao, Nueva Ecija | Fourth Year; Expected Graduation: June 2027

- Dean's Lister — 1st Semester A.Y. 2023-2024 to 2nd Semester A.Y. 2025-2026 (1st Year to 3rd Year)
- Relevant coursework: Data Structures and Algorithms, Web Systems and Technologies, Advance Database System, Enterprise Networking and Security, Human Computer Interaction, IS Capstone Project

AWARDS & CERTIFICATIONS

- PSITE Region III — Best in Educational Impact, RAITE 2026 Hackathon, team of 3 (October 2, 2026)
- PSITE Region III — IRCITE IT Marketing Challenge, Participant (March 2026)
- Cisco Networking Academy: Introduction to Data Science (November 2025); Linux Essentials (April 2026)
- AWS Training (May 2026): Introduction to Machine Learning — Art of the Possible; ML Essentials for Business and Technical Decision Makers; Planning a Machine Learning Project; ML Terminology and Process
- Hour of AI — Professional Development, 5-hour session, CSTA Philippines (November 26, 2025)
